NOVEMBER 3, 2020

8:00am - 11:00am

via Zoom

Learn to integrate sustainable living into the classroom using a standards-aligned curriculum, project-based learning, and student home investigations. Attendees will explore lessons and applications of sustainability education that will inspire students to ensure a better quality of life for all, now and into the future.

ATTENDEES WILL RECEIVE:

Sustainable Classrooms Curriculum
Access to Online Tool Box
Certificate for 3 PD Hours
